RE: Pacific Audio & Communications

To Whom It May Concern:

We have had a long-standing relationship with Pat Mulligan at Pacific Audio & Communications. They did all our audiovisual work on our new home in Kapalua, Maui as well as additional upgrading as new technology became available.

In addition, they are installing the audio, visual equipment in our new townhome at Ho'olei, Wailea, Maui.

Pat and his employees have always been very prompt and professional in their relationship with us and we highly recommend Pacific Audio & Communications to anyone in need of audio/visual work in Maui.

Very truly yours,

STEVEN M. JOHNSON
